BUILDOUT DIRECT

DOORS / KITCHENS / CUSTOM CABINETRY

Interior doors. Custom spaces.

For residential builders, renovation teams, property managers and designers in South Florida.

FLUSH | 1 PANEL | 2 PANEL | 3 PANEL | 5 PANEL

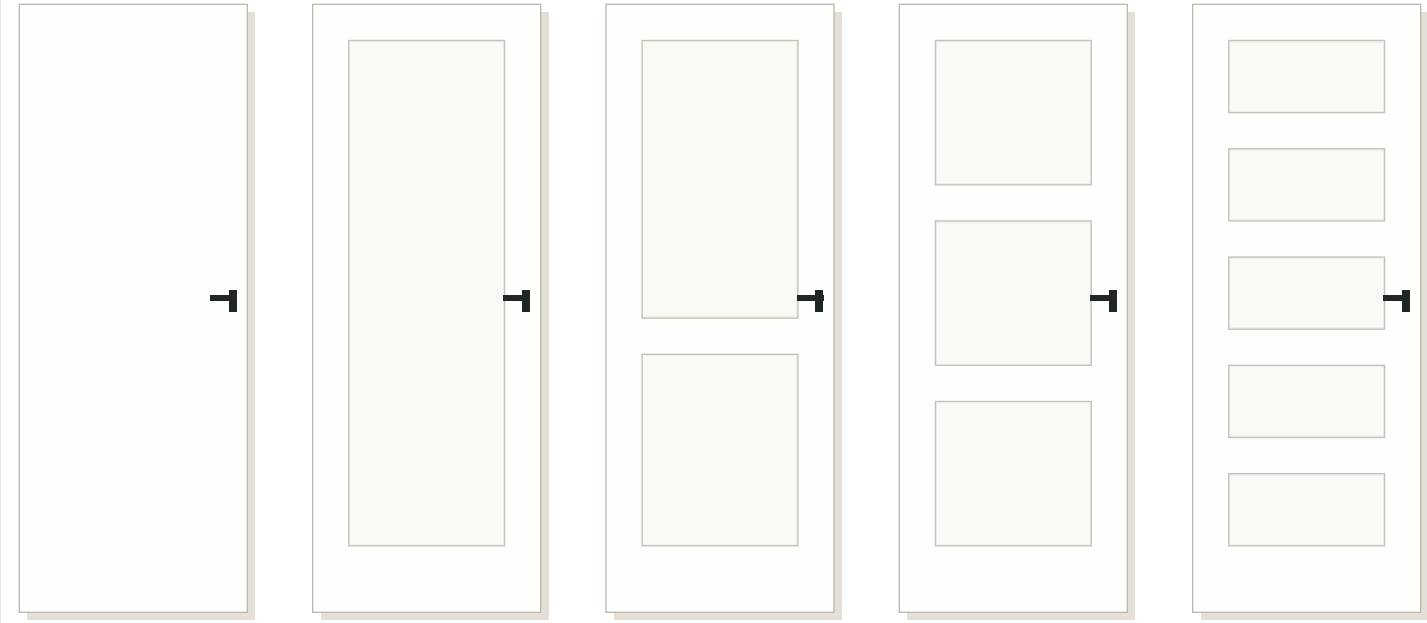

Stocked door options. Cabinetry made to order.

A selection of door styles and custom project examples. Send a door schedule or room plan to start a conversation.

01 / INTERIOR DOORS

A consistent look, room to room.

Flush and shaker styles for new interiors, renovations and replacement batches.

Flush and shaker doors, in stock in Hallandale Beach.

Share the style, sizes and quantity you need. We confirm availability for that exact list before quoting; not every style or dimension is stocked.

Slab

Door leaf for a suitable existing frame.

Pre-hung

Door and frame configuration for the opening.

Single or double

Specify leaf count, handing and opening size.

02 / ADDITIONAL STYLES

More ways to finish an opening.

Reference styles to discuss when a project calls for a different finish or detail.

Frosted glass

Light-sharing interior door designs.

Oak veneer

A warm wood appearance for the interior.

Louver

Vented door styles for suitable applications.

DESIGN VISUALIZATION / Door styles we supply. Exact model and finish are confirmed per order.

Specialty options are confirmed individually. Ask about the exact model, dimensions, finish and order timing. Required performance and suitability must be checked against your project specifications.

03 / CUSTOM KITCHENS

Cabinetry built around your plan.

Made to order, with the layout, dimensions and finish agreed for your project.

DESIGN VISUALIZATION / Countertops and appliances are illustrative and not included.

One kitchen or a repeatable layout.

Send a floor plan, approximate dimensions and the number of kitchens. We can discuss a consistent design across multiple units and arrange a project-specific estimate.

Images illustrate cabinetry design. Countertops, appliances, delivery and installation are confirmed separately in the scope and quote.

04 / MEDIA CABINETRY

A console and wall panel, together.

A custom furniture example for living rooms and coordinated interior projects.

DESIGN VISUALIZATION / TV is illustrative and not included.

Built to order, sized to your wall.

The featured set combines a low storage console with a matching four-panel backdrop. Share the wall dimensions, desired finish and number of sets to discuss a custom order.

05 / BATHROOM CABINETRY

Two vanities. One coordinated design.

Made-to-order furniture for a planned bathroom layout.

DESIGN VISUALIZATION / Example of the two-unit vanity set.

Adapt the design to your dimensions.

The example includes a long floating unit and a separate compact unit. Sinks are not included. Countertop material, cutouts, dimensions and installation scope must be agreed before ordering.

06 / CLOSETS & BUILT-INS

Storage that fits the room.

Custom layouts for hanging, shelves, drawers and utility storage.

Walk-in storage

Wardrobe cabinetry

Utility cabinetry

Plan one room, or a collection of spaces.

Send room dimensions, a few photos and your storage priorities. For larger projects, include the unit types and quantities so the layouts can be reviewed together.

DESIGN VISUALIZATION / Based on completed custom projects.

07 / START A PROJECT

Send the plan. We will review it.

From door batches to custom cabinetry, the useful first step is a clear list of what your project needs.

01

Project location and quantity

City, property type, number of doors or cabinetry sets, and your target timeframe.

02

Dimensions or a schedule

For doors: style, sizes, handing and slab or pre-hung. For cabinetry: plans, wall dimensions and reference images.

03

Send it to Sviat

We review the requirements, confirm current options with the supplier and coordinate the next step. Visits are by appointment.
